

SUPERENERGY SPECILIZED SERVICES & TRADING LLC

M/s. SUPERENERGY SPECILAIZED SERVICES & TRADING LLC (SESST) is a registered UK Based Company principally established to provide wide range of technical support services and materials to various industries in UK and globally.

SUPERENERGY is fully committed to:

- To provide high quality services/products that conforms to contractual specifications in line with customer requirements.
- To increase customer confidence and loyalty leading to a greater market share through genuine commitment to quality.
- To provide the right products and services, at all times.

VISION

" To emerge from the position of domestic company to leading global player in our business sector by adopting best practices and adding value to our employees, products, services and clients "

MISSION

- To maintain high integrity and ethics in business with our valued customer.
- To maintain a safe and comfortable work place for its employees
- To create in country value by technology transfer, training & development of national resources
- To increase our products and service offering to our clients and add value to our clients

VALUES

- Be cost effective in the utilization of all resources to offer best value for customers
- Be responsive to our customers and their changing needs.
- Act ethically and honestly, treating stakeholders with fairness, dignity and respect.
- Commit to the safety and development of our employees.
- Respect and protect the environment in all our activities to ensure a sustainable environment.
- Communicate in an open and timely manner.

We have partnered with several world class companies to enable us to meet the growing Industrial maintenance & project Execution requirements, especially Oil & Gas, Ship Building, Heavy Fabrication, Petrochemical, Construction and other Industrial sectors. Our partners have extensive experience in their respective areas of operation. SUPERENERGY with our partners is fully capable of providing best in class services and materials to our clients. Being an International company, we have priority treatment in visa clearances which help us to bring the specialist manpower from abroad without much difficulty.

In this regard, we are looking for opportunities in the following areas

- ✚ Engineering & Project Management
- ✚ Piping-Fabrication & Erection
- ✚ Equipment Installation
- ✚ Hydro Testing & Commissioning
- ✚ Plant Maintenance Services (Routine, Preventive & Corrective)
- ✚ Shut down & Turn Around Services
- ✚ Maintenance Fabrication & Erection

- ✚ **Provision of Technical Support Services by Deployment of Manpower (PMC Personnel, Site Engineers, QA-QC Personnel, Discipline Specialists, Planning Professionals, Skilled Workers etc.)**
- ✚ **Supply of Piping & Structural Materials**
- ✚ **Supply of Equipment Spares**
- ✚ **Supply of General Consumables**
- ✚ **Supply of Building Materials**
- ✚ **Supply of Hydraulic Bolting Tools**
- ✚ **Supply of Hydraulic Lifting Tools, Machinery and Hydraulic accessories.**
- ✚ **Supply of Hand Tools for workshop and Rig platforms**
- ✚ **Supply of Heat Exchanger Maintenance tools and Machinery**
- ✚ **Supply of Gasket and Nut Bolts, Flanges and Fittings**
- ✚ **Supply of Air compressors, tower light, Manlifts, EOT cranes.**
- ✚ **Supply of Dry Ice blasting machinery**
- ✚ **Supply of Water Jet Lancing Machinery and accessories**
- ✚ **Supply of Bundle Puller**

Engineering & Project Management

The partnership is fully equipped to provide engineering & project management services. The partner is having its Head Quarters in India, and mainly operates in Middle East. PMC services are offered from UROOJ office at Oman, whereas the detailed engineering is carried out from the office in India.

Piping Fabrication & erection / Equipment Erection / Underground Piping / Mechanical Construction

Our partners have extensive experience in Piping Fabrication & erection, Equipment Erection, Tank Fabrication, Industrial Structural Works. We are confident of executing any Greenfield or brownfield industrial fabrication & erections work in partnership with them

We also undertake all kinds fabrication jobs including sub-contracting works

Maintenance & Shutdown Services (Oil, Gas, Petrochemical & Steel Plants)

The partnership is fully equipped to provide world class services for all types of routine, breakdown and preventive maintenance services. We can also provide integrated plant shutdown management services.

Tank Fabrication & Erection

We have tied up with a leading Tank Construction & Maintenance equipment & Machinery manufacturers to provide all tank related services from Commissioning to Maintenance & Repairs, Lifting of Tank, Tank cleaning, testing. We can take up Tank technical support for Tank jobs. We also take up Tank maintenance & repair Services.

Refractory Services

Refractory Engineering, Supply and Installation Services for Core Industries like Steel, Cement, Power, Process Industries from Boiler Refractories to Blast Furnace Refractory, Supply and Lining Services. We can provide all kinds of refractory application services and also provide Inspection, consultancy and supervision services.

Boiler Repair, Heat exchanger Retubing & Maintenance

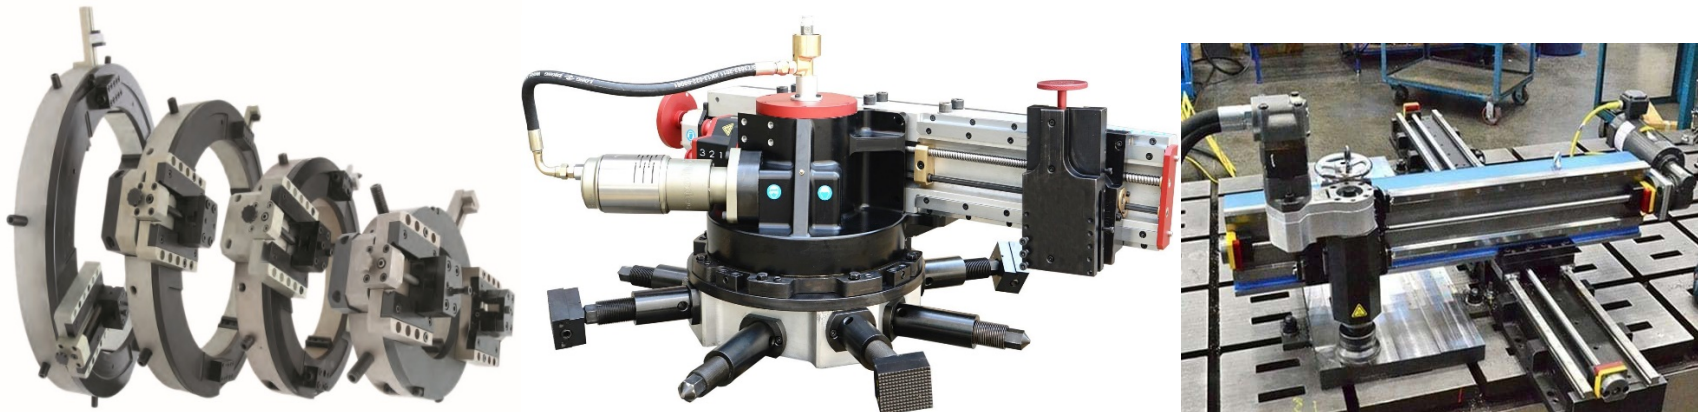

We are fully competent to provide Top class services for all kinds of repair and maintenance of Boilers, Heat exchangers, Furnaces etc.

On-Site Services:

Our Proficiency is to provide world class safe and innovative bolt torquing, bolt tensioning, pipe cutting & Bevelling, Flange facing, Re-Tubing of Heat exchanger, Boilers, Chillers, Furnaces, fin fan cooler tubes with an adequate

workforce of skilled workers, experienced engineers and wide range of our certified & Calibrated tools. We offer around the clock services 24X7.

High Pressure Water Jetting Services

We can provide high pressure water jetting pumps and equipment to undertake various activities including; High pressure flushing of pipe systems (Retro jetting), cleaning of Tube Bundles, Hydro Demolition, Cold cutting, Coating removal, Drill Pipe Cleaning etc. We can provide the equipment on rental and full turnkey solutions as per client's requirements.

Chemical Cleaning

In partnership with our principal we can provide services for

- Turnkey industrial cleaning and remediation
- Specialty chemicals

In the field of industrial cleaning, we perform the following services:

- Cleaning of entire process units and equipment
- Cleaning of storage tanks
- Soil reclamation
- Cleaning of ships

STP Design, Operation, Maintenance & Upgrade

We offer Design, Construction, Project Management, Operation, Maintenance services to Public Water projects, Reverse Osmosis plants for Drinking water production, Water Treatment Plants, Treated Sewage effluent or Treated waste water for reuse purposes through Polishing plants, Waste treatment Plants for Industries, Hospitals, Housing Colonies, Commercial Buildings etc.

Technical support Services (Through Deployment of Personnel)

We provide all kinds of skilled Industrial Trade personnel to support the clients to meet their various Operation & maintenance requirements. We can provide

- Mechanical Personnel (including engineers, supervisors, foremen, mechanical technicians, welders, fabricators, fitters, rotary technicians, Riggers, Design and AutoCAD personnel etc.)
- Civil Personnel (Including Scaffolding Personnel, Painters, Refractory workers, Plumbers, Construction personnel etc.)
- Electrical, Instrument & HVAC Personnel
- Operators for Heavy Equipments & Cranes
- Any other specific requirements as per client's special needs

SUPPLY OF MATERIALS

- **PIPES/TUBES/ TUBING:** STAINLESS STEEL SEAMLESS PIPES 1/2"-16", WELDED PIPE 1/2"-48", ASTM A312 TP304, 304L, 310, 316, 316L, 321, 347, CARBON STEEL PIPES, ASTM A106 GRADE B, ASTM A53, A333 GR. 6, NICKEL, INCONEL, MONEL, HASTELLOY
- **ROUND BAR/ ROD:** ASTM A479 GR. 304, 304L, 310, 316, 316L, 321, STAINLESS STEEL ROUND BAR, INCONEL ROUND BAR, HASTELLOY ROUND BAR, MONEL ROUND BAR, INCONEL ROD, HASTELLOY BAR, ASTM A564 TYPE 630 BAR, ASTM B637 UNS N07718 INCONEL 718 ROUND BAR
- **FASTENERS/ NUT/ BOLTS:** STAINLESS STEEL FASTENERS, INCONEL FASTENERS, HASTELLOY BOLTS, NUTS, SOCKET SCREWS, WASHERS, ANCHOR FASTENERS, WEDGE ANCHOR, EYE BOLT, STUD BOLTS, STUD, THREADED ROD, FINE FASTENERS, SPARES & FOUNDATION FASTENERS IN ANY GRADE & IN ANY SIZE.

- **PIPE FITTINGS:** INCONEL PIPE FITTINGS, MONEL, HASTELLOY PIPE FITTINGS, FORGED FITTINGS SUCH AS ELBOW, TEE, REDUCER, STUB END, UNION, CAP, COUPLINGS, ASTM B366, ASTM SB 366, ASTM B564, ASME SB564, ANSI B36.10, B36.90, B16.5, B16.9, 11 & 16.28
- **FLANGES:** INCONEL FLANGES, MONEL FLANGES, HASTELLOY SLIP ON (SORF) FLANGE, WELDNECK FLANGE, BLIND (BLRF) FLANGE, LAPJOINT FLANGES, SOCKETWELD FLANGE, RING JOINT THREADED FLANGE, FORGED FLANGE, PLATE FLANGE, ASTM B564 BLIND FLANGE
- **SHEET, PLATE, ANGLES, BEAM & OTHER STRUCTURAL MATERIALS:** MS PLATES, SS PLATES 1MM TO 200MM THK (CR & HR) ASTM A 240 GR. 304, 304L, 310S, 316, 316L, 321, 347, 348 NICKEL, MONEL, INCONEL PLATE, HASTELLOY PLATE, SS SHEETS, STRCTURAL MATERAILS LIKE ANGLES, BEAMS, FLATS ETC.
- **EQUIPMENT SPARES:** SPARE PARTS OF PUMPS, COMPRESSORS, TURBINES, OTHER PROCESS PLANT EQUIPMENT, HEAT EXCHANGER TUBES, PLUGS, GASKETS, TBE BUDDLES, ELECTRICAL & INSTRUMENT FITTINGS, BOILER TUBES, REFRACTORY ANCHORS & MATERIALS, AIR CONDITIONING SYSTEM SPARES, TUBES & TUBE FITTINGS, MATERIAL HANDLING SYSTEM SPARES
- **Hydraulic & Bolting Tools:** Hydraulic Torque wrench Pump 1)Pneumatic Operated 2) Electric Operated 3) Gasoline Operated, Hydraulic Torque wrench 1) Square drive Type 2) Hex / Cassette Type 3) Spanner Type, Hydraulic Bolt Tensioning Tools 1) Top Side tensioner 2) Sub-Sea Tensioner 3) Hydraulic Nut, Hydraulic Jacks & Cylinders, Power Pack 1) Flat Jack Single Acting 2) Multipurpose Jacks Double Acting 3) High Tonnage Cylinders 4) Customize Cylinders & Power Packs 5) Hand Pump for Jacks
- **Lifting Tools:** Manual Chain Hoist, Electric chain Hoist, Lever Hoist, Hand pallet Truck, Spring Balancer, Screw Pin Shackle, Nut & Bolt Shackle, Anchor Shackle, Lifting Belt etc.

- **Hand Tools:** Manual Torque wrench, Impact Sockets, Slugging Spanners, Slugging Hammers, Non-Sparking Tools, Hand Torque Multiplier and Customize Spanners & Sockets.

- **BUILDING MATERIALS:** SANITARYWARES AND ACCESSORIES, TILES, PLUMBING SOLUTIONS, LIGHTING PRODUCTS, ELECTRICAL ITEMS

- **FIRE EXTINGUISHERS & EXTINGUISHING SYSTEMS, FOAM EQUIPMENT & SYSTEMS, PUMPS, DOORS & FRAMES, HOSE REELS, HOSE RACKS & CABINETS, HYDRANTS & CABINETS AND OTHER FIRE FIGHTING EQUIPMENT**
- **HVAC: AC Maintenance contract building, offices, retail shop, hypermarket, shopping mall etc. & supply of AC and AC spare parts.**
- **Personal Protective Equipment:** Personal Protective Equipment also known as PPE not only includes safety wear but also its accessories. We believe that safety is the most important factor to work efficiently. We offer you with wide range of PPE.

- **Submersible Pump & Centrifugal Pumps:** We offer you the pumps which are designed in such a way that cooling of the motor and shaft takes place, which makes it more suitable for usage in domestic as well as industrial sectors. These pumps are made for high performance for consistent and trouble free working. We deal with different types of Submersible pumps.
